

FOR IMMEDIATE RELEASE

EMERGING TALENT 20

Opening Reception Sunday, January 22, 2:00pm-6:00pm

Exhibition Dates: January 22 – February 18, 2017

At the Art Gallery at Evergreen Cultural Centre (AGE)

COQUITLAM, BC – January 11, 2017

The Art Gallery at Evergreen is pleased to celebrate twenty-years as host of the annual Emerging Talent exhibition. Since the first presentation in 1998, the AGE has featured an impressive selection of two- and three-dimensional artwork produced by hundreds of senior art students from secondary schools throughout School District 43. This anniversary exhibition promises once again to delight and inspire with its breadth and diversity of artistic achievement.

The artists participating in the exhibition have dedicated themselves to pursuing their artistic interests through post-secondary education in fields such as painting and sculpture to graphic and industrial design to fashion and music.

All submitted student works will be determined by jurors on Friday, January 13 with notification of exhibitors to follow.

Twenty-one participants were chosen to receive remote and onsite choreographic mentorship from Joshua Beamish, Coquitlam native Heather Dotto and Elissa Hanson, in the process of creating their own solo work. They will also perform together in an ensemble work created by Beamish. With the support of TELUS we are pleased to offer this program to all participants on full scholarship.

Saturday, January 22 @ 4:30pm as part of the Emerging Talent Exhibition Opening Reception.
